

CUSTOMIZING AND OEM QUANTITY:

Velcro or self-adhesive backing, sizes, shapes and holes can be design according to your requirments, we may ask for the minimum order quality , please consult with sales pre-sale@kytools.cn

PAPER:

Paper base d with coated abrasives products are mainly apply to woodworking and metaworking, especially for automotive maintentance induries, and painting, decorating purpose.

ABRAISVE CLOTH:

Coated abrasives with cloth base are more suitable for metal processing industry.

VULCANIZED FIBRE:

Vulcanized fibre is mainly focus on the fibre discs, which are distinguished by diffirent thickness and hardness. It is wear-resitant and very strong.

THE BACKING MATERIAL:

High quality paper and abrasive grain are made as the base, the backing materials can be selected according to end users properties, such as tear strength, flexible and wear. The performance and capacity will depends on the intended applocation and the appropriate base material.

ADVANTAGES :

- ▶ High flexibility
- ▶ quick change
- ▶ semi-open strew grain

RECOMMENDATIONS FOR USE :

- ▶ Use with sand paper discs with abrasive holders
- ▶ Apply to suitable materials by using the right sanding types

SAND PAPER DISCS

General information

TABLE:

PRODUCT INFORMATION				
Product View				
Product Range	Purple Sand Paper Discs	Brown Sand Paper Discs	Yellow Sanding Paper Velcro Discs	Green Sand Paper Discs
Shape	Round, Triangle, Sheet Other shapes can be customized	Round, Triangle, Sheet Other shapes can be customized	Round, Triangle, Sheet Other shapes can be customized	Round, Triangle, Sheet Other shapes can be customized
Specilization	Ceramic comined paper dics, with semi-open strew grian technique. it is for an extremely high cut rate, much higher polishing and grinding capacity and cold cutting given by the grinding aids. Excellent stock removal for heavy duty grinding on low heat conductive material, like alloyed and stainless steel. Good for high-speed rail production and processing and yachat work pieces processing. Excellent grain adhesion, semi-open coat prevents premature loading.	With 250 gr/m2 heavy calined Aluminium oxide paper, high quality imported or domestic aluminium oxide sand paper. Good for hardware, furniture, auto parts repair, aerospace manufacturing and processing and grinding. Holes can be customize according to your order quantity and requirments.	Aluminium oxide and calined aluminium oxide sand paper, specially for diffirent application usage, especially for building and decoration material grinding, and auto repairing and pre-painting processing. Manly suited for sanding on metal, aluminium alloy, wood, plastic work pieces.	Zirconia sand paper, imported raw material. It has the advantage of heat resistant, high resistant to thermal shock and protect with frictional wear. It is an range products for ultra fine polishing application, suitable for metal work pieces, furniture and decoration material grinding, and auto repairing and pre-painting processing.
Backing Available	Standard, vercole, adhesive	Standard, vercole, adhesive	Standard, vercole, adhesive	Standard, vercole and belt
Size Available	100mm,115mm,125mm,150mm, Other sizes can be customized	100mm,115mm,125mm,150mm, Other sizes can be customized	100mm,115mm,125mm,150mm, Other sizes can be customized	100mm,115mm,125mm,150mm, Other sizes can be customized
Hole Number	0, 6, 9, 12, 15, 17, Other sizes can be customized	0, 6, 9, 12, 15, 17, Other sizes can be customized	0, 6, 9, 12, 15, 17, Other sizes can be customized	0, 6, 9, 12, 15, 17, Other sizes can be customized
Grit(#)	60, 80,100, 120, 150, 180, 220, 240, 320, 400, 500, 600, 800	80,100,120,150,180,220, 240,320,360,400,500, 600,800,1000	80,100,120,150,180,220, 240,280,320,360,400,500, 600,800	80,100,120,150,180,220,240,280,320,360,400,500,600,800,1000,1200,1500,2000,2500,3000
